Discussion and potential action on approval of minutes of July 12, 2012

A motion was made by Trustee Griffith and seconded by Trustee Alexander to approve the minutes of July 12, 2012 as corrected. Motion carried by unanimous voice vote.

Nelson diverged from the agenda to allow Kevin Ritter and Dean Nicol to make their presentation regarding electricity aggregation. They addressed the board regarding the topic and their company, Integrys Energy. A recent Illinois law, SB 3170, now permits townships to propose to voters the opportunity for electric aggregation, coordinated by the Township, through the election process. The deadline to have such a referendum on the November 6, 2012 ballot is August 20, 2012. Various discussions took place on the topic. Consensus of the board was to defer any referendum questions until the April 9, 2013 election. In the meantime, more information will be gathered on the subject. Trustee Alexander will provide information on the subject to be included in the upcoming newsletter
